

## Hilton LAX Airport - Self Parking

Please have your confirmation email available via print or smartphone when you arrive. The confirmation email contains a QR code which serves as your method of entry and exit.

- 1** Enter off Century Blvd - Second driveway, immediately after the Valet Parking Entrance – look for Hilton “Self Parking Entrance” to ensure you are entering the Hilton parking garage.

- 2** At the entry gate, **DO NOT TAKE A TICKET!** Scan the QR code from your email printout or smartphone to enter the gate. Park on Levels P4-P6.

- 3** Take the elevators to the **Lobby/Front Entrance** to board the airport shuttle. The shuttle departs every 20-25 minutes - 24 hours per day.

**Upon your return**, scan the QR code from your email printout once again at the exit gate.

**Please Note:**

When you return to LAX, retrieve your luggage on the lower level. Proceed to the transportation island and wait under the red sign that reads, “Hotel and Courtesy Shuttles.” Look for the blue Hilton LAX shuttle.

Self-parking height clearance is 5.11 ft. Any vehicles beyond that height (up to 6.2 ft.) must valet park. Our parking structure cannot accommodate oversized vehicles. If your vehicle is larger than 18.6 ft. long, 6.75 ft. wide, and 6.2 ft. high, it will not fit into our spaces. For reference, these dimensions are similar to a Chevrolet Suburban.
